Product benefits

Electric crepés machine elektrický 2 cooking plates 2x d=35 cm 400 V

Model

SAP Code

00006979

1

All-stainless design of the cladding except for the hotplate

only stainless steel intended for food contact is used

- absolutely rust-proof and non-magnetic design
- resists even weak acids easier compliance with hygiene standards (HACCP); easy maintenance and cleaning

2

Run and warm-up light

optical possibility to check the status of the device

- the operator immediately knows the on/off, heating/ non-heating state of the appliance

3

Cast iron enamelled plate

suitable material for pancake makers

- quality heating and non-scorching surface of the pancake cooker plate even heat distribution quality and evenly prepared pancakes

4

Separate control for different sections

adjustable control

- possibility to switch off the currently unused part of the pancake maker

5

2x Plate with a diameter of 350 mm

large frying surface

- possibility to make large pancakes on two plates at the same time greater production and more profit in the same time
