## Product benefits

### Cutter 3l

#### Model

#### SAP Code

00013736

1

#### All-stainless design

- robustness
- purity
  - long service life
  - very easy to clean

2

#### Polycarbonate lid

- transparent
  - thanks to the transparent lid, I can easily follow the processing process, I don't waste time opening and peeking

3

#### Safety microswitches

- safe operations
  - the machine cannot be started without perfect closure, thus protecting the health of the workers

4

#### Three knives to choose from

- variability of use for chopping, whipping and kneading
  - variability of use saves the cost of purchasing additional machines

5

#### A trowel

- there will be 100% whipping/whipping/cutting
  - no waste, easy to wipe off quickly, no lumps in the final product

6

#### Pulsed and sustained running

- the operator has the option of choosing the coarseness of chopping/beating rate
  - variability in food processing allows the highest quality of food to be achieved e.g. chopped onions do not turn bitter when pulse chopped
