## Product benefits

### Tilting bratt pan manual gas 120 l steel compound bottom

Model

SAP Code

00000110

1

#### Safety element – thermocouple

safe service for staff  
there is no unnecessary gas leakage  
long life

- savings on service interventions
- easier and faster operation

2

#### Manual folding system

maintenance-free system  
resistance to splash water  
long life

- savings on service interventions
- easy cleaning and maintenance of equipment

3

#### Degree of protection of the control elements IPX4

maintenance-free system  
resistance to splash water  
long life

- savings on service interventions
- easy cleaning and maintenance of equipment

4

#### Tubular burners

burner made of stainless steel tube with a single inlet nozzle

- effective adjustment of different flame heights in different parts of the burner
- uniform heating of the bottom

5

#### Steel bottom

hot water steel bottom

- even heat distribution
- high durability
- long service life
- suitable for frying and toasting
