Product benefits

Meat mincer 2 grinding groups removable grinding unit 300 kg/h 230 V

Model

SAP Code

00004310

1

Double fold

better product processing

- thanks to the double composition, the machine provides multiple food processing options and thus saves costs and time by grinding it to the desired fineness and texture in one go

2

Reverse gear

easy to control

- no need to disassemble the grinder when the auger is overloaded

3

Production 160 kg/h

large capacity in relation to the size

- great price/performance ratio
- time and cost saving

4

Polished aluminum body

robustness

purity

- long service life
- very easy to clean

5

Removable head

robustness

purity

- thanks to the removable head, it is much easier to clean and thus saves time
- better cleaning quality ensures hygienic safety

6

Stainless steel hopper

durability

hygienic cleanliness

- very long hopper life due to robustness
- very easy to maintain hygienic cleanliness thanks to smooth surface and rounded corners
